Heavy Calls Through Injuries

WE have slipped quite a few places down the Central League table of late. The reason is not far to seek. The injury bogey which seems to have haunted Elland Road since the season's start is still very much in evidence and the call on experienced reserves to fill vacant first team spots has meant that the Central League side has been below strength. Still it has enabled us to give one or two up and coming young players further experience in this class of football. While it is nice to win honours at this level a Central League team exists primarily, of course, to bring on young players.

Today we hope for some change of fortune. Sheffield Wednesday Reserves are only a few places from the bottom and as we won 1-0 at Hillsborough earlier on we are optimistic about completing a double.

While we are on the subject, for those of you who can get there, don't forget we have an attractive Central League game with Manchester United Reserves on Monday at Elland Road, kick-off 7-30. This is the game postponed from 31st December last, because of the state of the pitch.

The first team programme notes were already at the printers last week when Bobby Collins joined Bury and Jim Storrie was transferred to Aberdeen. We know you will join us in wishing them every good fortune with their new clubs. There is no need to stress here the part Bobby played in our rise from the depths of the Second Division to our current standing in the First. Suffice it to say that he will be remembered at Elland Road long after his playing days are over.

Jim Storrie, too, has been a grand servant of the club. In good times and bad, in form or out of form he has always given of his very best and if his value to the team has not always been apparent to a small section on the terraces it has to his colleagues. If Jim gives Aberdeen as good a service as Hughie Baird did when he left Elland Road for the Scottish club they will not regret the fee they paid which was substantial by their standards.
